2010 Customer Maintenance & Troubleshooting Training Schedule

Would you like to learn more about operating and maintaining your Autobag® machinery?

Automated Packaging Systems has developed these courses to prepare your staff to effectively and safely operate and maintain the **investment** you have made in your packaging equipment.

Effective Professional Training Will:

- Reduce downtime & waste
- Increase productivity and efficiencies.
- Reduce cost due to excessive and unnecessary service calls.
- Develop long-term internal capabilities.

Who should attend:

- Internal Maintenance Personnel
- Maintenance Managers
- Internal Trainers

WHAT WILL YOU LEARN:

Our training courses feature Maintenance & Troubleshooting on the following equipment:

Day 1: AB 180

Day 2: PI 412c, AB 180 OneStep*

Day 3: Express 3, PS 125 OneStep

Day 4: HS100 Excel

Day 5: Precision / PI 4000

(AB OneStep class requires attendance to AB 180 & PI 412 classes)*

The topics covered include:

- Set-up procedures
- Operation
- Adjustments
- Electronic & pneumatic components
- Machine options
- Preventive Maintenance procedures
- Replacement parts
- Troubleshooting procedures

Modular in design:

Choose to attend one, two, three or all 5 of the training classes, depending on your needs.
