

# QUALITY POLICY

## AUTOMATED PACKAGING SYSTEMS

### PLASTICS MANUFACTURING

Automated Packaging Systems will ensure that all products are manufactured to the highest quality. Our products will conform to customer requirements; our processes will comply with the standards of the recognized governing agencies of the markets we serve.

Our products and services will provide a significant value to our customer. We will continually improve the effectiveness of our Quality Management System through anticipating changes in our business, our customer community, and through responding to opportunities for improvement

Our quality standards are implemented through our Quality Manual, which complies with the requirements of ISO 9001-2008. Our quality objectives are the foundation of our performance metrics from which the effectiveness of the Quality Management System is communicated throughout the organization.
