

## DuraClear™ 200 SpecGrade™ Enhanced Linear Low Density Polyethylene (DC21)

DuraClear 2000 SpecGrade (DC21) is a strong, durable material ideal for multiple applications. DC21 provides a measurable increase in strength while reducing non-productive properties found in other bag materials. DC21 is easy to work with, providing seamless changeovers and higher productivity.

Genuine Autobag® bags-on-a-roll and SidePouch® bags-in-a-box are system-matched and guaranteed to run on all Automated Packaging Systems' bagging equipment.
