

Linear Low Density Polyethylene Stretch Sleeve Labels

AutoSleeve Stretch Sleeve Labels are available in Clear or White Linear Low Density Polyethylene material that is 100% recyclable. DCS4 and WDS4 are available in 2.0, 3.0 and 4.0 mil. Sleeve labels can be used for a variety of applications, are moisture-proof, and have a high resistance to light and temperature for long lasting shelf appeal.

Our in-house graphics department can help create an eye catching design for your label. Sleeves feature 360 degree print coverage that allow you to highlight a special promotion or add a coupon to your product. Choose from 10-color flexographic printing, specialty and metallic inks. We also offer digital sleeve mock-ups to ensure your satisfaction.

Automated Packaging Systems extrudes, prints and converts our films from raw resin in our multiple U.S. based plants to guarantee a high-quality product.

Formulations

- DCS4
- WDS4
