

Air pillows for void-fill packing made from DuraClear™ 2000 Enhanced Linear Low Density Polyethylene – System-matched material for superior performance

The AirPouch® Express 3™ Void-fill System uses DuraClear 2000 (DC2) material for strong, durable air pillows that improve protection while reducing packing and shipping costs.

DC2 is a specially formulated, linear low density polyethylene with superior durability, puncture-resistance, clarity and strength. AirPouch air pillow material is manufactured in Automated Packaging's own ISO 9001/2000 registered plants in the US and Europe. Material uniformity and integrity exceed quality standards established by the FPA (Flexible Packaging Association).

Only AirPouch air pillows have our unique EZ-Tear™ Perforations, which allow quick and easy separation of the pillows for fast and efficient packing. These specially designed perforations also allow more air into each pillow, providing better yield, a lower cost per cubic foot, and less weight per package.

User Benefits

- EZ-Tear Perforations are packer-friendly and designed for improved efficiency and ergonomics
- Better air retention and improved yield reduce cost per cubic foot
- Convenient, fan-folded, boxed material reduces storage requirements
- Dust-free air pillows are cleaner and more lightweight than other packing products
- Continually recyclable

Technical Specifications

Available sizes: 8 and 10 inches wide in various standard lengths

Other film types available: Biodegradable LLDPE, Recycled and Anti-static

Printing: Available in printed or plain

Unit of measure: 4,000 (1.5 mil) or 3,000 (2.0 mil) linear feet of material per box;
24 boxes per pallet

Performance Data:

	U/M	1.5 mil	2.0 mil
Haze	%	10.7	14.2
Puncture Resistance (Dart g)	grams	233	310
Tensile Strength MD	psi	4631	4332
Tensile Strength TD	psi	3700	3664

Above chart reflects nominal test values. Actual test results may fluctuate due to inherent process variation. Test data and mil thickness reflect DC2 air pillows only. Certain minimum purchase volumes may apply.
