Introducing the Autobag® 650™ Horizontal Wide Bagging System – Horizontally configured wide bag packaging for ecommerce returns processing, inbound dust cover bagging, and more

The Autobag® 650™ Horizontal is an automatic filling and sealing machine capable of running 16” wide bags, a large load area for order prep and bulk product queuing, and a compact design that minimizes floor space. Developed for reliability, flexibility and optimizing packaging throughput, this system delivers maximum uptime while lowering total package cost.

- Horizontal configuration ensures label-up orientation every time
- 24’ conveyor boasts a generous open-space design, enabling unrestricted access and effortless transition onto secondary conveyance systems
- Next-bag-out thermal transfer printing ensures accuracy in applications requiring frequent label changeovers
- Simple machine design minimizes operator training requirements - perfect for high-turnover, seasonal labor
- Inherently safe design provides maximum operator protection
- System configured ergonomically for left- or right-hand access
- Multi-position unwind with tension control simplifies changeover
- Adjustable pass-through up to 6” for maximum flexibility and packaging efficiency
- Advanced sealing technology and temperature control ensure consistent, high-quality seals
- Fewer moving parts reduce ownership cost and improve reliability, while on-board diagnostics and modular components simplify maintenance
- Networked to facilitate full pack station integration and central monitoring
- AutoTouch™ Control Screen accesses operator tutorials, help system, on-board diagnostics, and performance data

When used with genuine Autobag pre-opened bags-on-a-roll or bags-in-a-box and AutoLabel™ Thermal Transfer Ribbon, the Autobag 650 Horizontal ushers in the next evolution of high-quality, reliable and flexible wide bag packaging, backed by the industry’s most comprehensive technical and field service network.

### Technical Information

<table>

</tr>
</thead>
<tbody>
<tr>
<td>Weight</td>
<td>798 lbs.</td>
</tr>
<tr>
<td>Electrical Input</td>
<td>Universal Input: 110V to 240V VAC, 50/60 Hz</td>
</tr>
<tr>
<td>Power Consumption</td>
<td>1800 Watts (VA) max</td>
</tr>
<tr>
<td>Air Feed</td>
<td>5 CFM/80 psi of clean, dry air</td>
</tr>
<tr>
<td>Pass-Through</td>
<td>6 in. max</td>
</tr>
<tr>
<td>Bag Thickness</td>
<td>1.09 – 4.0 mil</td>
</tr>
<tr>
<td>Bag Sizes</td>
<td>W 4 to 16 in. L 5.5 to 36 in.</td>

- **Markets Served**
  - eCommerce Returns Processing
  - Inbound Dust Cover Bagging
  - Single or Multi-line ecommerce Fulfillment
  - Short-run Production with Frequent Changeovers in Any Market

- **Optional Additions:**
  - Built-in Tabletop Scale
  - Bags-in-a-box Adapter
